1. CONCEPTION OF THE PROGRAMME

The National level seminar is an endeavor to appraise thinkers, Industry experts, knowledge workers and Innovators to help understand the future managers about knowledge based transformation and delivering good governance to Indian citizens as well as to provide them, a platform to exchange ideas, deliberate upon issues related to recent trends in manufacturing paradigm shift.

The ‘economic dividend’ is principally articulated in terms of generating allocative and productive efficiencies alongside the accountability and participation benefits of decentralisation for decision-making and co-ordinating collective action in support of economic development. Indian economy is showing substantial rise from 2014, this has been possible due to 3D pronged strategy of Indian Government: democracy, demographic dividend and demand. It occurs when the number of working force (age group 15 to 59) is greater than non –working force(less than 14 years and more than 59 years). Due to this factor Indian with “youth bulge” have the potential to be productive and contribute to growth of the economy assures as competitive advantage over other: “ageing” countries. As per World Bank, India’s economic growth may rise to 6.4% in 2015-16 as compared to 5.6% in 2014.

Economic dividend’ arises through devolved administrations’ ability to tailor policies to local needs, generate innovation in service provision through inter-territorial competition, and stimulate participation and accountability by reducing the distance between those in power and their electorates. As we move ahead from Demographic dividend to Economic it improves its economic performance and productivity to create more and better jobs. However, the path from academic qualification to work experience seems broken and a wide gap of 496.6 million skilled workers needs to be filled in eight years. An ample opportunities and throttling challenges exists for Business, the future will unveil the impact of Economic dividend on India and its economy. The various Business stakeholders need to identify the opportunities and act accordingly. The concept of the seminar was generated from the above given facts and figures.

2. OBJECTIVE

Annual Zeal Management Summit-2016 was organised to discuss ample opportunities and throttling challenges exists for Business and to foresight impact of Economic dividend on India and its economy. Many eminent personalities were invited to express their views and share what their views on impact of economic Dividend on Indian economy. The objectives of the seminar are as follows:-

- 1) To build a platform for effective interaction between the delegates /participants and the distinguished speakers on this important issue.
- 2) To bring the topics of interest related to “‘economic dividend’ of devolution” for discussion and deliberations.
- 3) To provide students and faculty members with in-depth knowledge from Demographic dividend to Economic dividend and concerned implication.
- 4) To analyse the relationships between spatial disparities, spatial economic policy and decentralisation conceptual and empirical analysis.
- 5) To have discussion Over the Effects of Population Growth on Economic Growth Methodology

The intention is to address not only the many concerns already present in the Pune's Industrial area, but also to involve the region's numerous smaller enterprises and suppliers.

Savitribai Phule Pune University

5. PREPARATION OF THE EVENT

Preparation of National Seminar had started almost 4 months before with the submission of proposal to the SPPU. The proposal was sanctioned by the University and they granted financial support of Rs.3,00,000/-. Accordingly, the budget was prepared, Resource persons were identified, internal committees were constituted and the circular was circulated among the faculty members for their information. The Auditorium was booked well in advance. For smooth functioning, committees started their work and all necessary preparative steps were taken. Brochure and invitation cards were designed and sent to delegates from Academia and Industry across India. Continuous follow up of the same was taken by web communication team. A Press Conference was conducted at Patrakar Bhavan, Pune to give insights about the Seminar. Finally, invitation letters along with Seminar Brochure were given to the Invited Guests.

7. EXECUTIVE SUMMARY

All students and faculties from Zeal College of Engineering and Research, Zeal Polytechnic, Zeal Institute of Management and Computer Application and our own Zeal Institute of Business Administration, Computer Application and Research arrived at 9.00 am to the Chhatrapati Shivaji Maharaj Auditorium.

The delegates arrived at the venue of the seminar i.e. Chhatrapati Shivaji Maharaj Auditorium at 09.30 am. The inaugural ceremony of 2 days National Seminar commenced at 10.00 am with National Anthem. Prof. Archana Vechalekar gave a brief introduction stating the purpose of the seminar. Seminar formally inaugurated by auspicious lamp lighting. Dignitaries were introduced to delegates with a detailed introduction. After lighting of lamp, Dr. Neha Sharma, Director ZIBACAR delivered welcome address, wherein she welcomed all the delegates and participants to the 2 days National Seminar. She thanked Chief Guest Dr. E. B. Khedkar for his dignified presence for the seminar. Dr. Neha Sharma gave a gist of the theme of the seminar and what will come in front in coming two days to the participants. Chief Guest Dr. E. B. Khedkar and Guests of Honor Mr. Prakash Dhoka appreciated that the institute has organized National Seminar on such a vital topic. The details of the speech by dignitaries are mentioned below:-

1. Dr. E. B. Khedkar

Topic: Paradigm shift in Fiscal Deficit

He discussed the possibility of an inverse correlation between fiscal deficit (fiscal expansion) and bank credit (monetary expansion)i.e., if credit growth falls, fiscal deficit may need to rise and if credit rises, fiscal deficit ought to fall — to ensure adequate money supply to the economy. Furthermore, he explained the logic of correlation between credit expansion and fiscal deficit and its five sequential limbs.

2. Mr. Prakash Dhoka

Topic : Role of Entrepreneur on the economy of the Nation

With his vast experience in Entrepreneurship and Economy, he strongly believed in level of entrepreneurship in a given country has a significant positive effect on the level of economic growth in that country. He suggested the audience about startup lessons for being entrepreneurs and discussed the socio and demographic factor affecting economy of diverse country like India and China.

Dr. Sapna Sharma was awarded as Successful Women in Management (SWIM-2016) due to her tremendous contribution in the field Management.

3. Dr. Sapna Sharma was awarded Successful Women in Management (SWIM-2016).

Topic : Foundation for Growth

Being a Certified trainer on Psychometric test and her professional experience in counseling peoples, she discussed methodologies to hone the motivational skills of managers, and motivational techniques that instill enthusiasm amongst all levels of participants. To boosts morale of students training on Motivation improves motivational levels helps students to excel in their academic progress and career endeavors.

4. Dr. Satish Sharma

Topic : India's Demographic Dividend -A Boon or Ban for Economic Development

He discussed about National skill development and their success and failure factors, he said that he strongly believes that only skill development can save us from mass unemployment and unrest. The line between demographic dividend and demographic disaster is getting dangerously thin for India, so it may serve India as a boon or ban.

Followed by the speeches, Track on Financial, HR and General Management were conducted to give diverse views on the Seminar topic.

5. Dr. Manohar Ingale

Topic : India's Economic Dividend and Gross National Happiness (GNH)

He explained GNH and its much richer objective than GDP or economic growth by quoting several case studies based on India and Bhutan. In GNH, material well-being is important but it is also important to enjoy sufficient well-being in things like community, culture, governance, knowledge and wisdom, health, spirituality and psychological welfare, a balanced use of time, and harmony with the environment. He shared that India stands 117 in the list of GNH.

6. Dr. (Capt) C. M. Chitale

He shared that the skill development and rural empowerment are the measures are needed to make the Indian work force not just economically competitive but also efficiently competitive. In order to make the human resource globally competent, government should more emphasize on heartland rather than. He explain every dimension of economic dividend which will be reflected in growth of Indian economy but also overcome regional and social inequalities.

Followed by the speeches, Track on Marketing, IT, Operation and Organizational Management were conducted to give diverse views on the Seminar topic.

At the end of the session certificates were distributed to the participants. Two days National Seminar on Economic Dividend concluded.

At the end of the Valedictory ceremony, Dr. Neha Sharma proposed a heartfelt gratitude towards the management for extending their fullest co-operation by permitting the Institute to organize 2 days National level Seminar. She also thanked all dignitaries who graced the program and participants from remote places whose participation made the seminar grand success. The Seminar was finally concluded by Prof. Ravindra Gadge and the Vote of Thanks was given by Dr. Anand G. Jumle.

5. PARTICIPANTS

Participants for the seminar were from academia and industry. All students and faculties of Zeal College of Engineering and Research, Zeal Polytechnic, Zeal Institute of Management and Computer Application and Zeal Institute of Business Administration, Computer Application and Research attended the seminar.

(Annexure I- Registration sheets)
